

My name is Jennifer Chu, M.D. As a Physician with clinical tenure of 49 years of which 31 years were as professor in the Physical Medicine and Rehabilitation Department at the University of Pennsylvania Medical School, I have participated in the research and development of the Anti-inflammatory formulas that you will find on our web-site link: <https://etoims.com/etoims-products/>

I, as a medical physician attest and support the efficacy of our pharmaceutical grade Magnesium Sulfate based formulas. These formulas have been tested by the Consumer Testing Company located in Fairfield, New Jersey, The European Journal of Pharmaceutical and Medical Research and Temple School of Podiatric Medicine. The test result findings are that our formulas are the best Organic preventive and recovery formulas for aiding in the reduction of inflammation, swelling and pain, without any side effects.

Please feel free to contact my office if needed, and the office information is as below. My direct e-mail address is [jchu@etoims.com](mailto:jchu@etoims.com) and my cell phone is (610)-937-2981.
